OBJECTIVE

Seeking a Software Engineering co-op/internship using skills in Java, Python, C, SQL, C#, React, and JavaScript. Available Summer 2026.

EDUCATION

Rochester Institute of Technology, Golisano College of Computing and Information **Rochester, NY**
Bachelor of Science, Software Engineering *Anticipated May 2029*
Relevant Coursework: Web Engineering, Discrete Math for Computing, Personal Software Engineering

SKILLS

Technical Skills: Front end development, Database Management, DevOps Tools, Version Control Systems
Programming Languages: Java, Python, C, SQL, C#, React, and JavaScript
Operating Systems: Windows 11/10, MacOS, Ubuntu, iOS

PROJECT EXPERIENCE

SimplTask (Personal Project) **9/2025 - Present**

- Created full stack web-based task management service designed to simplify and consolidate task tracking
- Learned React and JavaScript to allow for a responsive and modern frontend design
- Implemented NGINX as a load balancer, distributing traffic across multiple backend instances to improve response time and ensure high availability during peak usage

Chat Service (Academic Project) **9/2025 - Present**

- Applied principles of asynchronous programming and RESTful API design, strengthening problem-solving and communication skills through agile development cycles and peer code reviews
- Managed source code using GitLab, implementing branching strategies and merge requests to streamline collaboration, maintain code integrity, and support continuous integration workflow

EXPERIENCE

Rochester Institute of Technology **Rochester, NY**
IT Support Technician *October 2024 - Present*

- Applied systematic troubleshooting strategies, including root cause analysis and component isolation, to resolve recurring issues and communicate solutions clearly to non-technical users
- Documented support procedures and created user guides, streamlining onboarding and reducing recurring help desk tickets
- Collaborated with cross-functional teams to support campus-wide IT initiatives, including network upgrades and software rollouts, ensuring minimal disruption and timely execution

Dicks Sporting Goods **Pittsburgh, PA**
Retail Associate *July 2023 - Aug 2025*

- Conducted inventory audits with 100% accuracy to ensure accurate tracking of equipment and resources
- Provided clear and effective communication with customer support to address inquiries and resolve issues promptly
- Demonstrated understanding of client needs and recommended appropriate products to meet their requirements
- Worked with and trained several teammates with various software applications to ensure optimal efficiency

Sigma Alpha Mu, Brother & Philanthropy Committee *November 2024 - Present*

- Organized philanthropic initiatives utilizing tight scheduling techniques and extensive communication raising over \$7000 as of the last year for local Western New York charities.
