OBJECTIVE

Seeking a Software Engineering co-op/internship using skills in Java, Python, SQL, and React/Angular.
Available Summer 2026.

EDUCATION

Rochester Institute of Technology, Golisano College of Computing and Information

Rochester, NY

Bachelor of Science, Software Engineering

Anticipated May '29

- GPA: 3.17
- Recipient of the RIT Presidential Scholar Award

Relevant Coursework: Engineering of SW Subsystems, Applied Statistics, Web Engineering, Applied Statistics

SKILLS

Technical Skills: Full Stack Development, Databases & Database Management, DevOps Practices (CI/CD, etc.)

Programming Languages: Java, Python, TypeScript/JavaScript, SQL, C++, C, Rust

Frameworks: React, Angular, Spring Boot, Flask

Operating Systems: Windows 11/10, MacOS, iOS, Ubuntu

PROJECT EXPERIENCE

AI-Powered Order Predictor (Personal Project);

November '25-December '25

- Designed and implemented a full-stack AI-powered order prediction web application to analyze user-provided historical data and generate actionable stock recommendations
- Integrated the Google Gemini API into a RESTful Flask service to interpret prior order data, strengthening skills in API integration, prompt-driven analysis, and client-server communication
- Structured the application with clearly separated API and UI layers, improving maintainability, scalability, and ease of future feature expansion

Organization Donation Management Platform (Academic Project)

September '25-December '25

- Aided in implementation of Spring Boot based API abiding by RESTful design guidelines
- Applied SOLID and GRASP principles to ensure a maintainable and secure implementation of critical functionality and recourses
- Maintained Agile-centered documentation to ensure key architectural and domain implementations were clearly understood by all relevant stakeholders

EXPERIENCE

Rochester Institute of Technology

Rochester, NY

IT Support Technician

October '24-Present

- Applied systematic troubleshooting strategies, including root cause analysis and component isolation, to resolve recurring issues and communicate solutions clearly to non-technical users
- Collaborated with cross-functional teams to support campus-wide IT initiatives, including network upgrades and software rollouts, ensuring minimal disruption and timely execution
- Documented support procedures and created user guides, streamlining onboarding and reducing recurring help desk tickets

Dick's Sporting Goods

Pittsburgh, PA

Retail Associate

July '23-Present

- Conducted inventory audits with 100% accuracy to ensure accurate tracking of equipment and resources
- Demonstrated understanding of client needs and recommended appropriate products to meet them
- Worked with and trained several teammates on various internal applications to ensure a more efficient onboarding process

LEADERSHIP EXPERIENCE

Sigma Alpha Mu, Philanthropy Committee

November '24-Present

- Organized philanthropic initiatives utilizing tight scheduling techniques and extensive communication raising over \$7000 as of the last year for local Western New York charities
